Degree	University/Institute	Year	CGPA/Marks(%)
B.Tech Mechanical and Aerospace Engineering	IIT Hyderabad	2027	8.65
Minor in Economics	IIT Hyderabad	2027	N.A
B.Tech in Entrepreneurship (Double Major)	IIT Hyderabad	2027	N.A
XII (GSEB)	Tree House High School	2023	81.40%
X (GSEB)	St. Kabir School	2021	93.50%

WORK EXPERIENCE

BUSINESS ANALYST INTERN | LICIOUS *Jan 2026-Jul 2026*

Short Settlement Dashboard

- Developed an ongoing tracking dashboard for short-settlement leakage — excess weight delivered and its cost impact.
- Defined business rules — treated negative variance as zero, prioritized high-volume SKUs with high aggregate leakage.
- Enabled corrective action, reducing tracked short-settlement amount from **Rs.57L to Rs.36L (~37%)** between January–April.

Share of Stomach Estimation

- Reframed a rule-based wallet-share estimation methodology into a supervised regression pipeline, predicting customers' total monthly meat wallet using **LightGBM/XGBoost** (benchmarked against a **Ridge** baseline) on survey/call-labeled ground truth.
- Engineered **12+** behavioral features from transaction, browsing, and survey data — including eating-order gap, category coverage ratio, browse-buy mismatch, and competitor mentions — to capture spending invisible to the platform.
- Applied 5-fold cross-validation, evaluated via **MAE/RMSE/R^2 (~0.72);** used **SHAP** to validate key drivers with stakeholders.
- Derived Share of Stomach (Licious revenue ÷ predicted wallet) to surface high-wallet, low-penetration customers for CRM.

Incremental Revenue Tracker

- Measured incremental revenue impact of new hub launches by benchmarking each Hub Pair's post-launch growth against its pre-launch baseline and same-week city-wide growth, isolating genuine hub-driven revenue lift from seasonal trends.

SKILLS

- Python (NumPy, Pandas, Matplotlib, Scikit-learn), SQL (MySQL, PostgreSQL), Machine Learning, Data Science, Power BI, Tableau, MS Office (PowerPoint, Excel, Word), Git, GitHub, Confluence, Jira, Figma, LaTeX .

PROJECTS

Wikipedia Articles Semantic Clustering

- Built an NLP pipeline clustering **8,000+** Wikipedia articles using **TF-IDF, semantic embeddings**, and **HDBSCAN**, achieving a **0.42** Silhouette Score and identifying meaningful, coherent topic-based clustering without predefining cluster count.

AI-Driven Agentic Employee Background Check Dashboard | Accurate Hackathon Project

- Developed a **multi-agent** AI system integrating **Text-to-SQL** for natural-language querying of employee Background Verification **(BGV)** databases, enabling dynamic data retrieval, analysis, and real-time exploration of BGV information.
- Built **statistical analysis** and **data-type-driven visualisation tools** for real-time BGV insights and interactive dashboards.
- Implemented a **self-reflection** and **action-suggestion** pipeline to validate query outputs, enable automated retries, and generate actionable recommendations, reducing BGV interpretation **TAT** from **1–2 hours** to **3–4 minutes**.

Spotify India: Regional User Engagement | Nextleap Product Manager Fellowship

- Conducted a PM case study for Spotify India using market research, competitor analysis, and structured guesstimate to identify regional-language listeners as an underserved segment with **~4.5%** potential engagement uplift.
- Ran a **105-person survey,** identifying personalization gaps—not content availability as the driver of lower regional engagement.
- Designed a product solution (language-aware onboarding, personalized home surfaces, ad-language targeting) with system architecture, phased launch plan, and success metrics tied to time-spent and retention.

RELEVANT COURSES

- Nextleap 's Product Manager Fellowship, Corporate Finance, Venture Creation, Game Theory, Innovation Management, Visual Analytics, Sales and Marketing, ESG for Entrepreneurs, Entrepreneurship Opportunities in Climate Change, Macroeconomics.

POSITIONS OF RESPONSIBILITY

Head Placement Coordinator | OCS(Office of Career Services) | Internship and Placement Cell *Mar 2026 - Present*

- Led corporate outreach, pitching **100+** companies and onboarding **20+** recruiters for internship and placement opportunities.
- Coordinated end-to-end recruitment processes, managing recruiter engagement and placement drives.

Overall Head | RDM(Rang De Manch) | Dramatics and Poetry Club *May 2025 - Apr 2026*

- Led a **3-tier** team of **110 members** , overseeing club operations and organizing multiple dramatics and poetry events.
- Spearheaded a **40-member** contingent at the **Inter-IIT Cultural Meet**, securing top positions across multiple events.

Manager | Operations and Logistics | Entrepreneurship Cell *May 2024 - Apr 2025*

- Managed **operations & logistics** for E-Cell's flagship event **E-Summit, Startup Fair '25** (65+ startups, 15 VCs) and **E-Merge**.
- Secured MoUs with **50+** VC firms, **400+** startups & incubators, connecting **25+** student entrepreneurship organizations .

Coordinator | CNG (Corporate Networking and Growth) | Tinkerers Lab *May 2024 - Apr 2025*

- Secured **Rs.5L+** sponsorships for Tinkerers Lab's flagship event **THRUST**, driving outreach and managing sponsor acquisition.

EXTRACURRICULAR

- Secured **All India Rank 2,519** in KVPY 2021 among ~1 lakh applicants.
- Played key role in Inter-IIT Culturals: secured **5th** in Street Play, **6th** in Mime, **7th** in Stage Play out of **23 IITs** at IIT Kharagpur.
- Won multiple sports (badminton, athletics, Chess)and dramatics events in **DIESTA**(inter-department) and **MILAN**(inter-hostel).
